THE LA PLATA MINES

The City of Middle Forks Platted and Lots Are on Sale.

THE TOWN COMPANY HOPEFUL

Two Banks, a Drug Store, Hotel, Etc., Already Promised—After the Prize Fight—Morrison's Grief.

The Middle Forks Town company held a meeting night before last and elected officers, which are as follows: President, W. W. Waters; secretary, George H. Hargitt; treasurer, A. J. Warner.

The chamber of commerce of Ogden was on the ground and refused to aid the town company as a body because, it is said, other Ogden men are interested at other places. However, as individuals they will do all in their power to assist them in building up the promised city.

The town company has laid aside 200 lots which will be sold at a low figure to all who improve them, and the proceeds will go to grade the streets and for general public improvements. The lots will be sold at \$5 each, and the fee of recording will be but a small amount. The townsite is so situated that it can be easily watered, and in fact a ditch has already been built and water is running in it to-day. One hundred lots have been disposed of thus far and the new city has the promise of two banks, a drug store, hotel, blacksmith shop and several general supply stores.

Prospectors are at work blasting in all directions from the town, and if the mineral regions prove to be good, which no one doubts, they will be the city of Middle Forks. It is said that the proportion of a first-class mining town. The town company is very hopeful of the future of the place.

A miner's exchange has been organized at La Plata, where specimens of ore are kept constantly on hand.

The nights are getting very cold and in the morning when a person wakes up he finds Mayor A. B. Hayes is in Ogden. His honor will probably return in a few days. Imagines he has been in the city.

A large number of Leadville and Aspen men are in the camp and are deeply interested in the outlook of the new regions.

Morrison Convalescing.

George Morrison, the Ogden pugilist, who was defeated by Jim Williams, the Salt Lake man, at the Grand Opera house night before last, was taken to the Hot Springs soon after the fight by his friends, where he will remain until he fully recovers from the effects of the combat.

It was reported on the streets about noon yesterday that Morrison was in a critical condition and that grave fears were entertained as to his recovery. But a telephone message was received from the springs which proved the rumor to be without foundation whatever, and that Morrison was in excellent condition considering the severe punishment he received at the hands of Williams. His face and portions of his body are badly bruised from the sledge hammer blows of his opponent, but the doctors believe he will be in shape to get around to-day.

From a pugilistic point of view Morrison does not begrudge his defeat. He is satisfied that Williams is his superior by far, but he grieves considerably because his friends have lost an immense amount of money on him. This hurts him worse than anything else, and especially the loss his backer, Harry Hynde, has to sustain.

General Cleanings.

No business at all was transacted in police court yesterday.

The new addition to the Cortez block is going up quite fast.

The motor trips to the Hot Springs are being well patronized.

Two carloads of foreign immigrants arrived in Ogden yesterday destined for Utah and Idaho points.

There were a good many of Ogden's sporting men joining very sore over the Morrison-Williams fight.

It is said the Ogden Athletic club will arrange for another prize fight between two pugilists of more than local repute.

Hawes & Kock, managers of the Grand opera house, have already booked some of the best theatrical troupes traveling for this season.

A grand ball was given in the Fifth Ward Educational institute last evening under the auspices of the Young Ladies' Mutual Improvement association.

It is reported on good authority that Harry Hynde, the backer of Morrison, lost in round numbers \$1,000 on the result of the Morrison-Williams fight.

The Ogden City Street Railway company had about one hundred men at work on the tracks between Twenty-third and Twenty-fifth streets on Washington avenue yesterday.

The Ogden Medical association held an interesting meeting in the office of Dr. L. E. Saunders at the Grand opera house building night before last. Dr. Perkins read a paper on "Gunshot Wounds in the Abdomen."
